## Digital Photography

Phil Krejcarek

June 21-25, 2010

9am to 4pm

### Required

- Students will need their own laptop computer with either Photoshop or Photoshop Elements installed.
- Bring your power cord and extension cord.
- A digital camera
- USB cable
- extra batteries
- extra memory
- camera manual

Be prepared for a **materials fee**: The instructor will have paper available to make prints on his printer. Students will pay for the cost of print materials as they use them.
